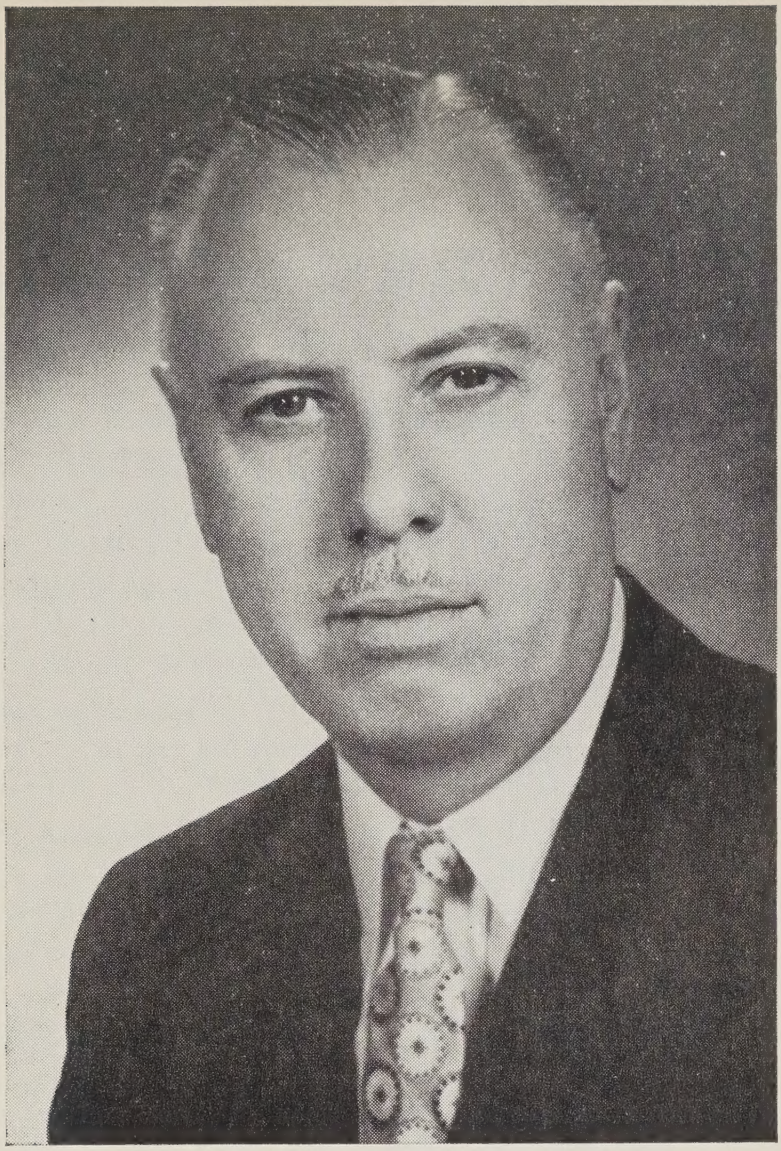
ACADEMY OF DENTISTRY

YEAR BOOK 1956-1957

TORONTO



President's Foreword

The tremendous growth that has taken place in our city in the last number of years has added a much greater responsibility to your Academy Council. We are ever conscious of this responsibility and are striving to increase our facilities in order to render a greater service to a much larger professional field.

The programme as listed in this year book should be carefully examined by each and every one. This has been carefully arranged to cover the educational needs of our profession for the coming season. The annual Winter Clinic is attracting a larger attendance each year from out of the city, and a most interesting programme has been arranged for this year.

The members of our council and also the executives of the local societies are a most enthusiastic group, and spend a great amount of time and energy arranging the various social and clinical events. I trust that the spirit of support and co-operation which has always characterized this association may continue to prevail so that we may add another very successful season to this Academy.

HARVEY MILBURN,

ANNUAL WINTER CLINIC

Once again, the Winter Clinic Committee is making every effort to provide an outstanding scientific programme. On the day following the Winter Clinic, the Faculty of Dentistry will be host to the Dental Alumni when a programme of further interest is planned. This makes it doubly important for those outside of Toronto to attend these enlightening sessions. All members of the profession are invited to join the fellows of the Academy at their Annual Winter Clinic.

ANNUAL WINTER CLINIC

Luncheon Speaker:

OTTO W. BRANDHORST, D.D.S., F.A.C.D.

St. Louis, Missouri

Dr. Brandhorst brings a wealth of experience in dentistry to the Academy of Dentistry Winter Clinic. He is a graduate of Washington University, School of Dentistry, St. Louis, Missouri, and a past dean of that school. He is a past-president of the St. Louis Dental Society and the Missouri State Dental Association. Dr. Brandhorst served as a member of the Council of Dental Education, American Dental Association and as a member of the Medical Task Force, of the Hoover Commission. He is a past-president of the American Dental Association. At the present time he is secretary of the American College of Dentists. We are extremely fortunate in having a speaker of Dr. Brandhorst's distinction. His subject "Confronting the Profession" promises to be timely, thought-provoking, and inspirational.

FIRST STATED MEETING

OSLER HALL 8.15 P.M.

THURSDAY, JANUARY 24, 1957

Essayist: Jay H. Eshleman, D.D.S., F.A.C.D.

Subject: The Dentist's Responsibilities to His Community, His Practice and to Himself.

The discussion will include both human and public relations as related to the profession of Dentistry. Re-appraisal of our dental practice methods. Procedures which when adopted to a new or established practice will result in both spiritual and material rewards. Our most valuable assets, time and health, will also be considered.

Dr. Eshleman is in private practice in Philadelphia, Pa., and lectures to senior dental students of Temple University on Practice Administration.

He graduated from Temple University Dental School in 1934, was on Active Duty with the U.S. Navy 1944 - 46, retiring with the rank of Lt.-Commander.

He is a Fellow of the American College of Dentists, Past President of Temple University Alumni Society, Finance Chairman, Pennsylvania State Dental Society, and member of the Psi Omega Fraternity.

He has been a most popular lecturer and clinician at various dental conventions throughout the United States and we can be sure of a paper that will be of great value to every member of our Academy.

DENTAL WORKSHOP — CONFERENCE FOR TORONTO

Toronto's first Dental Workshop-Conference will be held at the Royal York Hotel on February 21, 1957 under sponsorship of the Academy of Dentistry in association with the Department of Public Health. Fifty representatives of the dental profession, city school boards, Home and School and Parent-Teacher organizations, the Toronto Welfare Council, and the Department of Public Health will confer on the dental health problems affecting school children, in terms of their dental needs, the treatment facilities which are available in the community, and current dental health teaching practices in schools and community agencies.

Among the prominent authorities who will participate as consultants are — Dr. H. R. McLaren, Assistant Chief, Dental Health Division, Department of National Health and Welfare, Ottawa; Dr. Muriel Uprichard, Assistant Professor (Educational Psychology), School of Nursing, University of Toronto; and Dr. J. M. Wisan, Chief, Dental Health Section, Philadelphia City Department of Public Health.

The purpose of this conference is (1) to develop clearer understanding in the community of the dental needs and potential resources available to its school children, (2) to strengthen effective working relationships between the Academy of Dentistry, the Department of Public Health and the other respective community agencies, and (3) to improve the quality of effective action programs for dental health education and dental health care.

The conference will also consider the role of each agency in relation to dental health education and dental health care in the light of agency policies and limitations. Other subjects will include examination of needs of physically handicapped and mentally retarded children. Discussions will be limited to children of school age residing within the corporate limits of the City of Toronto.

Recommendations arising out of this conference will be included in a report which will be published and subsequently released to participating agencies for relay to their respective field branches at district and neighbourhood levels. Copies of this report will be made available to dental practitioners through the Academy of Dentistry.

SECOND STATED MEETING

OSLER HALL 8.15 P.M.

THURSDAY, FEBRUARY 21, 1957

FROM THE COMMUNITY TO THE PRACTITIONER

The Second Stated Meeting, climaxing the Academy's Workshop-Conference sessions held earlier during the same day at the Royal York Hotel, will be devoted to a symposium presentation, at which the three distinguished consultants to the Workshop-Conference will interpret to the practising dentist some of the conclusions and recommendations emerging from the Workshop discussions which are of significance to him. Since the proceedings of the Workshop-Conference will ultimately be released to lay organizations and thus to the public at the neighbourhood level, this symposium offers a unique opportunity for the practising dentist to obtain advance information on long-term community planning in relation to school children as it affects private dental practice.

The Workshop-Conference participants will also be the guests of the Academy at this meeting which offers further opportunity for strengthening relationships between the dental practitioner and the community in which he practices.

The Essayists on the Symposium are:

1. H. R. McLaren, D.D.S., D.D.P.H., F.A.H.A., Assistant Chief, Dental Health Division, Department of National Health & Welfare, Ottawa.
   Graduate, Faculty of Dentistry, University of Toronto, 1936 — D.D.S.
   Diplomate, School of Hygiene, University of Toronto, 1946—D.D.P.H.

2. Muriel Uprichard, B.A., M.A., Ph.D., Assistant Professor (Educational Psychology) School of Nursing, University of Toronto.
   Graduate, Queen's University — B.A., Smith College — M.A., University of London, England — Ph.D.

3. J. M. Wisan, D.D.S., M.S.P.H., Chief, Dental Health Section, Department of Public Health, Philadelphia, Pa.
   Graduate, New York University, 1918 — D.D.S., Columbia University, 1944 — M.S.P.H.
   Diplomate, American Board of Dental Public Health, 1954.

THE PRESIDENT'S MESSAGE TO THE ACADEMY

As the Academy of Dentistry of Toronto embarks on its 34th year, it inherits a tradition of accomplishment, success and of tireless effort to the benefit of both patient and dentist. An academy may be described as "a group of men and women, famous in literature, art and science". The Toronto Academy has fulfilled this definition in no small degree and may well be proud of its record. It is true that every member of the Academy is a member of the Canadian Dental Association — just as it is true that every member of a family is a member of the nation. The privilege of belonging to a great Academy, such as yours, entails great responsibilities. That membership in the Academy is voluntary, only enhances its value. A brief glance at the roster shows the great number of your members who have given generously of their time and abilities to the Canadian Association.

Dentistry in Canada like all else Canadian is on the march. As dentists, we have a great deal to offer for the health and welfare of our nation and we know all to well that this year may bring unusual demands. It would be entirely unrealistic to ignore the signs and portents, but such groups as your Academy will enable us to meet our responsibility. The Association would be weak without your support, but, knowing that we have it, we can proceed with great confidence.

It is, indeed, a privilege to extend the best wishes of the Canadian Dental Association to the Academy of Dentistry.

KENNETH M. JOHNSON.

THIRD STATED MEETING

OSLER HALL 8.15 P.M.

THURSDAY, MARCH 21, 1957

FOUR FIFTEEN MINUTE PROJECTED CLINICS

---

1. *Clinician:* Charles H. Moses, D.D.S., B.Sc., M.Sc., (Dent.)

   Subject: Internal Precision Attachments for Partial Dentures

   It has been recognized that partial dentures with internal precision attachments are less injurious to the periodontal membranes of the abutment teeth than those with clasp type retainers. There is, of course, greater aesthetics. The Clinic will illustrate both chair and laboratory procedures for the construction of such partial dentures.

2. *Clinician:* Peter T. Smylski, D.D.S., Oral Surgeon

   Subject: Sutures

   These slides will cover types of material used, ways of suturing and indications for suturing.

3. *Clinician:* John E. Speck, D.D.S.

   Subject: Periodontal Packs

   A series of slides covering the indications and uses of different types of Periodontal Packs.

4. *Clinician:* J. B. Pepper, D.D.S.

   Subject: Crown and Bridge with Hydrocolloid Technique

   This is a clinic to promote interest in fixed bridge technique, particularly to convince a Dentist that he should be doing fixed bridges where indicated.

DENTAL PUBLIC HEALTH

The Dental Public Health Committee is endeavouring to do its utmost to provide dental health education in the Toronto area.

This year the Academy is sponsoring a Dental Workshop through the mutual co-operation of the Department of Public Health, the Health and Welfare Council, and the Board of Education of the Public and Separate schools. The purpose of such a Workshop is to organize a programme of dental health at a one day conference. This type of meeting provides a common ground to work out the problems of the various groups attending. The findings of the Workshop could be used as a means of education by these four parties interested in dental health.

Academy Dental Health Certificates are awarded to classes in the Public schools in Toronto which attain perfect dental health within thirty days of their initial examination. Three have been presented this year. It is hoped that the high standard required for our award will stimulate interest in the dental health of our children, and spread to other classes throughout the city.

Dental Public Health is the responsibility of each member of the profession. Your committee will continue to faithfully promote this important phase of Dentistry.

A. E. HISTROP,
Chairman D.P.H. Committee

STUDY GROUP

Practice Management and Administration is the subject selected for this years Academy sponsored study group. Such a group has been long needed and should be of great value to those who participate. Watch for your application card which will accompany your membership letter.

In keeping with the objectives of the Dental Alumni to promote professional activities as well as assisting the undergraduates, the 1955 - 56 term could be called successful. The Faculty Day or Clinic Day at the Faculty of Dentistry was well received in its inaugural effort. This year we can promise an excellent Faculty Day programme, Friday, November 23rd, the day following the Winter Clinic. Faculty Day is included in the Alumni membership fee. Owing to the generosity of the dental profession, over one thousand dollars was raised for bursaries in the Faculty of Dentistry. Besides the bursaries the students were aided in some of their social activities. This year also saw the formation of a students Guidance Committee.

Your continued interest and membership is needed to further the work of the Association.

REPORT OF THE SECRETARY, 1955 - 1956

During 1955 - 56 the Academy of Dentistry had an interesting and productive year. Membership increased to a new high of 553 made up of 9 honorary life members, 33 honorary members and 511 active members.

The annual dinner, held at the Royal York Hotel was made a happy occasion by the presentation of an honorary life membership to John Alexander Bothwell in recognition of his many years of service to Dentistry. Dr. A. B. B. Moore, principal and Vice-chancellor of Victoria University, Toronto, was guest speaker and provided a thought-provoking and inspirational address.

November 24, 1955 saw another successful Academy Winter Clinic. This programme is becoming increasingly popular and is indeed a credit to the men who make the arrangements, those who present clinics and also those who attend. Three stated meetings of Academy members were held in January, February and March. Charles B. Murto was guest essayist on the subject of Crown and Bridge Prosthodontics, at the January meeting. Avoiding Complications in Routine Oral Surgery was the subject presented by James R. Hayward at the February meeting. The March stated meeting, Past President's night had a research theme and three Academy members, John B. MacDonald, Gordon Nikiforuk and Harvey Jenkins presented splendid papers. Before this meeting, the past presidents were guests of the Academy at dinner at the Granite Club. Twenty-seven past presidents attended.

The Dental Nurses and Assistants registry, sponsored by the Academy, continued to grow under the able direction of Mr. Ian M. Hannah.

A study group on Crown and Bridge was formed and has become very active. The Academy intends to again sponsor the formation of a new study group for 1956 - 57.

The dental public health committee has worked very hard in making arrangements for a Dental Public Health Workshop which will take place in February, 1957. This promises to be an outstanding event.

A committee was set up to study the Constitution of the Academy. The report of this committee took the form of a revision of the Constitution which was adopted unanimously by the membership attending the final stated meeting. A copy of the revised Constitution will be sent to all members.

The Academy of Dentistry Prize in the Faculty of Dentistry, University of Toronto, was won in 1956 by Edward George Sonley.

AUDITORS' REPORT

The Academy of Dentistry,

Toronto, Ontario.

Gentlemen:

We have prepared the attached balance sheet of the Academy of Dentistry as of 30th April, 1956, together with a revenue and expenditure account. Subject to the following report, we hereby certify that, in our opinion, the attached balance sheet is properly drawn up so as to exhibit a true and correct view of the state of the Academy's affairs at that date, according to the explanations and information given us and as shown by the books.

We report upon the various balance sheet items in their order as follows:

ASSETS

Cash in banks $2,427.35

Your bankers have confirmed the bank balance to us by certificate.

Dominion of Canada Bonds $6,548.27

Details are shown on the face of the balance sheet. We have verified the interest revenue due from these bonds. We have examined the bonds comprising the above total.

LIABILITIES

Accounts Payable ..... Nil

Your Treasurer, Dr. William A. Weir has certified that all known liabilities to 30th April, 1956 have been paid and that there were at that date, no guarantees or contingent liabilities outstanding.

PROFIT AND LOSS

Details are shown on Schedule "A".

A comparison of the total revenue and expenses for the current year with the preceding one is as follows:

	For the Year Ended 30th April, 1956	30th April, 1955
Total Revenue	$6,837.15	$5,905.31
Less Total Expenses	5,705.74	6,076.37
Surplus or Deficit for the Year	$1,131.41	($ 171.06)

As we were unable to make a complete verification of all the sources of revenue, we are, accordingly, able to certify to the correctness of the revenue account only to the extent that it is in agreement with the books and information given us.

We are

Yours faithfully,

TESKEY, PETRIE AND BURNSIDE
Chartered Accountants.
